The Marshall Orchestra program is comprised of string players of varying levels on violin, viola, cello, and bass. The four orchestras have consistently earned high ratings and most recently all earned Superior Ratings at the VBODA State Performance Assessment! Over the past decade the orchestras have made appearances in New York City, Orlando, Chicago, Los Angeles, and Nashville. This year we are excited to resume travel again and we are heading to Orlando where we will visit the parks and participate in a recording workshop at Disney Studios! The aim of the program is to help each individual member to grow their ability, and to foster a community where they are part of a larger group working towards a common goal. The students perform and learn about various styles of music, and they put on some spectacular performances! Students also develop lifelong friendships as well as skills that will help them in their future endeavors.

The achievements of a successful school music program are not possible without a large financial investment. Every year, the Marshall Orchestra Parents Association (MOPA), budgets for instructional enhancement including guest conductors and sectional coaching, supplies and equipment, instrument repairs, guest speakers, professional development for our director, an awards ceremony, social events for our members, summer music scholarships, and many other incidental expenses.

Will you help keep the Marshall Orchestra program thriving? We have developed several levels of support for you to consider, and as a thank you for your donation we will feature your business in our concert programs and on our website. Any amount would be greatly appreciated, and all donations are tax deductible. Please see the next page to determine which level of sponsorship is comfortable for you.
